7:00 PM to 7:15 PM:

- General Meeting Announcements

7:15 PM to 9:00 PM:

- Digital Photography SIG

At our July meeting of 2014 Pat & Sylvia Tucker gave us their amazing presentation entitled "**America**" -- including a musical soundtrack! Now they are presenting "**Pat & Sylvia's England.**" In some of the Share & Learn presentations in the past we have seen a few of their photographs of historic places they have visited in England. Now we get to see a whole bunch of their collected photos!

Sylvia describes the presentation as a "photographic journey through some of our favorite areas of England, along with a couple of interesting experiences we had while living there. Some of these areas are well known to travelers, but some may not be as well known."

If you've been to England in the past, I'm sure you'll be interested and entertained by this new presentation, and if you have never been to England you'll probably want to sign up for a tour of the island as soon as possible! Brollies and tweed clothing are optional for this presentation. Until Thur. Aug. 6th, ta ta.-

Jim Sandham

Teresa Tusa and her Alaskan Bear presentation kept us cool in July.

## **Graphics SIG**

Thursday, August 20, 7-9 p.m. Volunteer Leaders

In recent months, Bill Franklin, David Gustine (club president), and Carlos Hernandez have lead informative and interesting meetings of instructions demonstrations on how to improve our photographic editing. Come out for the August Meeting to get the latest tips, tricks, exchange information, and have fun.

## **Technology SIG**

Tuesday, August 25, 7-9 p.m., Sam Sanderson, Leader

At the Technology SIG we have discussions on a wide variety of subjects pertaining to all technology new and old and of course many topics surrounding all versions of the Microsoft Windows operating systems. The primary subject matter will be driven by the specific questions or request from the attendees.

No subject is off limits; we cover it all. Come and join us. The topics are always interesting. It is amazing all of the technology know-how that exists within our club members.

This SIG is becoming more popular with members as Sam leads the group to solve problems, learn current information, answer questions, and shares the latest technology. You will be amazed at how much fun we have at this meeting. Attend the SIG and discover a vast amount of new information.

## Genealogy SIG

Thursday, August 27, 7-9 p.m. Lee Smith, Leader

Looking ahead to our August meeting, Lynna Kay Shuffield will be our guest speaker. Lynna Kay always leads a most informative meeting. So mark August 27 on your calendar.

At July's meeting, the Kleinwood Family Center graciously invited us to attend one of their monthly sessions. The Family center is located on Kleinwood Drive just west of Klein High School and south of Louetta Drive and we have had the pleasure of meeting with this group several times this year.

The meeting topic was "Finding Family and Ancestors". A Roots Tech program.
