7:00 PM to 7:15 PM:

- General Meeting Announcements

7:15 PM to 9:00 PM:

- Digital Photography SIG

Farrar Stockton has presented several times for us covering topics such as "Peru: Nazca Lines, Cuzco & Machu Picchu", "Butterflies, Moths & the Monarch", and "New Zealand." Farrar is a man of many interests and talents. This month his topic is "**Nature Adventures in Costa Rica.**" He has a very good eye for capturing what's interesting, beautiful, and entertaining in each of his presentations.

Be sure to join us on **Thurs. April 6th at 7:00 PM** to enjoy what is sure to be a wonderful presentation. See you then!

Technology SIG

Tuesday, April 11, 7-9 p.m., Sam Sanderson, Leader

At the Technology SIG we have discussions on a wide variety of subjects pertaining to all technology new and old and of course many topics surrounding all versions of the Microsoft Windows operating systems. The primary subject matter will be driven by the specific questions or request from the attendees.

No subject is off limits; we cover it all. Come and join us. The topics are always interesting. It is amazing all of the technology know-how that exists within our club members.

This SIG is becoming more popular with members as Sam leads the group to solve problems, learn current information, answer questions, and shares the latest technology. You will be amazed at how much fun we have at this meeting. Attend the SIG and discover a vast amount of new information.

Sam demonstrated an entirely new way of watching TV with the Amazon Firestick last month. This method can truly reduce your technology and cable costs. See what Sam has planned for the April meeting.
