General Meeting and Digital Photography SIG

Thursday, June 1, 2017, at 7:00pm

LOCATION: *Cypressdale Clubhouse*
4815 Elmbrook, Spring, Texas

The Upper Peninsula of Michigan

PRESENTER: *Therese Tusa*

6:30 PM: Membership sign-in, pay dues, and greet visitors.

- Spend time with other members and share your questions and answers

7:00 PM to 7:15 PM:

- General Meeting Announcements

7:15 PM to 9:00 PM:

- Digital Photography SIG

Therese Tusa has presented several times for us before, including "**Tuscany, Italy & Sicily**" in 2016, "**Bears of Lake Clark Natl. Park, Alaska**" in 2015, and "**Nature's Tiny Wonders**" in 2014. This time around she's presenting "**The Upper Peninsula of Michigan**", which I'll bet almost none of us have seen in photographs, let alone visited. It's a feast for landscape photographers in search of pristine beauty and wonderment.

Therese has a wonderful, relaxed, and entertaining delivery style that is delightful and honest. Come to our meeting on **Thurs. June 1st** and see for yourself why I keep inviting her back every year. I hope to see you at **7:00 PM**.

Technology SIG

Tuesday, June13, 7-9 p.m., Sam Sanderson, Leader

At the Technology SIG we have discussions on a wide variety of subjects pertaining to all technology new and old and of course many topics surrounding all versions of the Microsoft Windows operating systems. The primary subject matter will be driven by the specific questions or request from the attendees.

No subject is off limits; we cover it all. Come and join us. The topics are always interesting. It is amazing all of the technology know-how that exists within our club members.

This SIG is becoming more popular with members as Sam leads the group to solve problems, learn current information, answer questions, and shares the latest technology. You will be amazed at how much fun we have at this meeting. Attend the SIG and discover a vast amount of new information.

This article from the May meeting is to help you decide if you want to switch from your TV cable provider to Internet TV provider by using WIFI device like Amazon Fire TV stick.

Jim Sandham

Position Available

Jim Sandham, our current Digital Photography SIG Leader, will be moving at the end of the year and will be greatly missed. Jim has carried many responsibilities in making our club a success. Now we are planning ahead to select a member or members to step into his role of arranging for speakers, leading the SIG, and planning field trips. These duties could be shared by several members. Please consider filling one or several of these positions. Jim is willing to help with transitioning into any one of these roles. Contact him at jsandham77@gmail.com.
